Just Another Blog from FLA

Welcome to the about-to-be *Immune to Boredom* blog.

From December 1, 2014, until December 2, 2015, you can count on:

- No Moral Monday: A post with no moral. Stories, essays, opinions, questions. But no moral or epiphany.
- My Favorite World: A Wednesday post about trivial things that are as important as your life.
- Wanton Words: Whatever I want. Whenever I want.

Check out the manifesto and about page. Regular posting begins Monday, December 1.
